

CATTARAUGUS COUNTY CIVIL SERVICE

HUMAN RESOURCES DEPARTMENT

303 Court Street * Little Valley, NY 14755 * (716) 938-2281 * FAX (716)938-2759

John R. Searles, Personnel Officer

Kristine M. Phinney, Deputy Personnel Officer

SENIOR ENGINEERING TECHNICIAN

NOW HIRING

SENIOR ENGINEERING TECHNICIAN

CATTARAUGUS COUNTY DEPARTMENT OF PUBLIC WORKS

LOCATED IN LITTLE VALLEY, NEW YORK

Based in the historic county seat of Little Valley, New York, the Department of Public Works includes Engineering, Highway, Fleet, and Refuse divisions. A relaxed Monday-through-Friday commute through the scenic landscape of Cattaraugus County supports the positive work life balance espoused by DPW, where all positions feature a competitive benefits package.

JOB DESCRIPTION

This position is characterized by the performance of technical tasks in support of assigned engineering programs and projects. A Senior Engineering Technician receives general instructions but works with relative independence selecting methods to resolve problems, collect and evaluate information, make recommendations, and carry out construction projects from scoping to preliminary design through completion. This position will provide technical support to Road Section Supervisors and crews when assigned as "Engineer-in-Charge" of a project. A Senior Engineering Technician does related work as required.

TYPICAL WORK ACTIVITIES

- Consults with engineers and chief technicians to determine preliminary scope of projects
- May conduct field surveys acting as crew chief, instructing crews where to locate job and to collect data
- Meets with Civil Engineer to discuss assigned projects
- Waterway analysis, including mapping, calculating drainage areas, determining hydraulic flows, and sizing
- Designs road alignments and vertical grades with the aid of computerized civil engineering software
- Consults with engineering staff to complete structural design
- Completes cross-section designs and material quantity estimates or delegates tasks to subordinates
- Coordinates project schedule with utility companies regarding power, telephone, gas, and water lines
- Designs guide rails, and prepares bills of materials
- Develops traffic detour plans and right-of-way layout to enable map production for right-of-way acquisitions
- Negotiates with landowners in order to obtain easement executions and rights of way
- Obtains permits from state/federal agencies applying knowledge of regulatory requirements
- Coordinates construction needs and scheduling with appropriate Department personnel
- Acts as "Engineer-in-Charge" overseeing construction layout, excavation, inspection and equipment needs
- Modifies drawings to depict project as built following completion of construction and inspection reports

MINIMUM QUALIFICATIONS

A. Possession of an Associate's Degree in Engineering Technology or closely related field and 2 years' experience involving surveying, drafting or the work of an Engineering Technician; OR

B. Successful completion of 18 semester credit hours in engineering or engineering technology; chemical, civil, mechanical, sanitary engineering technology; environmental technology; drafting; mathematics or science, and 4 years' experience involving surveying, drafting, or work as Engineering Technician; OR

C. Graduation from high school or possession of a high school equivalency diploma and 5 years' experience involving surveying, drafting or the work of an Engineering Technician.

SALARY RANGE & BENEFITS

- \$57,000-\$63,000 annual salary
- Health insurance (including dental & vision)
- 4 paid personal days
- 10 paid vacation days
- Opportunities for overtime
- No-cost telemedicine benefit
- 13 paid sick days
- 11 paid holidays
- New York State retirement
