

HVAC SPECIALIST

DISTINGUISHING FEATURES OF THE CLASS: This is responsible work involving operating HVAC equipment including the preventive maintenance, troubleshooting, minor repair, testing and calibrating of mechanical equipment providing heat, hot water, ventilation, and air conditioning in the most efficient and safe manner possible. This can include, but is not limited to, steam lines, mechanical equipment rooms, refrigeration, air conditioning equipment, chillers, humidity control systems and HVAC systems. This position assists staff with centralized heating systems and/or building wide controls. An HVAC Specialist may also make recommendations on replacing equipment and be involved in energy conservation projects. An HVAC Specialist does related work as required and may also perform, on a limited basis, various manual labor tasks related to building maintenance, renovation and repair.

TYPICAL WORK ACTIVITIES:

- Review, calibrate, adjust, repair and replace components of HVAC systems;
- Review energy usage statistics to determine inefficiencies;
- Inspect and repair automatic ignition systems related to oil and gas burners;
- Ensure efficient combustion and emission quality consistent with State and Federal standards;
- Review, develop and recommend changes in heating procedures for district facilities as needed;
- Assist district staff in determining maintenance and operations schedules of equipment;
- Assist leadership with on-site visits and notify appropriate officials and offices;
- Prepare reports, including tracking sheets and services provided;
- Assist with instructing maintenance personnel on controls, instrumentation, boiler system or other systems utilized by district;
- Identify tools and testing equipment required to perform tasks and ensure proper calibration and maintenance;
- Assist with various manual labor/construction tasks including, but not limited to, painting, carpentry, plumbing, masonry, drywall, windows, roofing and metal work.

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES, AND PERSONAL
